

**BLOG ASSIGNMENT 10: *EVELINA***

**Response due: Sunday, April 28**

**Comment due: Tuesday, April 30**

Please choose one of the following for this week's blog entry:

- The novels in the first half of the course were male-centered, not only written by men but also focusing on men. With *Clarissa*, the center of the novel is a young lady, as it is with *Evelina*. What difference(s) do you see between Richardson's heroine and Fanny Burney's?
- *Evelina* presents a young lady's initiation into fashionable society. How successful is she?
- *Evelina* is also social comedy/satire. Discuss.
